

General Terms and Conditions for Dino Park Workers

1. **Jurassic Jest Clause:** All workers are required to maintain a sense of humor as sharp as a T-Rex's teeth. Puns and dinosaur-related jokes are not just permitted, they're encouraged.
2. **Dino-Dress Code:** While we appreciate individuality, all workers must adhere to the dress code, which includes the mandatory wearing of safari hats and dino-themed accessories. Think Fred Flintstone meets Indiana Jones!
3. **Prehistoric Punctuality:** Being fashionably late is so last era. Workers are expected to arrive on time, preferably not via time machine, and ready to unleash their inner paleontologist.
4. **Herbivore Hygiene:** Maintaining personal hygiene is not only appreciated, it's essential. Remember, even the most ferocious carnivore appreciates a minty-fresh scent.
5. **Veloci-Responsibility:** Each worker is responsible for their assigned tasks. Failure to complete duties may result in being chased by an angry pack of velociraptors (just kidding... or are we?).
6. **Tricera-Tolerance:** We understand that working with dinosaurs can be challenging. Patience and tolerance are key qualities, especially when dealing with stubborn stegosauruses or grumpy triceratops.
7. **Bronto-Brain Boost:** Engage your inner Einstein! Workers are encouraged to brainstorm innovative ideas for enhancing visitor experiences, whether it's creating dino-themed games or perfecting the art of fossil excavation.
8. **Dino-Diplomacy:** Remember, not all dinosaurs are extinct – some are just shy. Workers must approach each encounter with the utmost diplomacy and respect for our prehistoric pals.
9. **Pterosaur Privacy:** Respect the privacy of our airborne residents. No peeking into nests or attempting to steal their ancient secrets (we promise, they're not hiding any ancient treasure).
10. **Tyranno-Teamwork:** Collaboration is key to success. Whether you're teaming up to wrangle a runaway triceratops or brainstorming ideas for the next big exhibit, remember that we're all in this Mesozoic adventure together.
11. **Fossil-Friendly Attitude:** Embrace the spirit of discovery! Workers are encouraged to maintain a positive attitude, even when faced with the occasional fossil faux pas or unexpected dinosaur prank.
12. **Dino-Dancing:** Sometimes, you just have to let loose and dance like nobody's watching... or like a velociraptor on a caffeine high. Regular dino-dance breaks are not just allowed, they're mandatory!

By agreeing to these terms and conditions, you're embarking on a prehistoric journey filled with laughter, adventure, and maybe just a hint of dino-mania. Welcome to the Dino Park family!
